

Consent for Photo/Image Use by Troop 93

Dear Parents:

During your son's scouting career in Troop 93, photos are taken by the Troop, family members, and local government officials and photographers at our special troop events and camping trips. We would like to use some of these images for display on our website or in a press release to our local newspapers for publication.

We need your permission in order to use these photos and images. Please fill out the parental information below, indicate your consent, and return the signed form to the Scoutmaster or Committee Chairman.

(* If you do not consent, please note that your son may still have his photograph taken with other members of the Troop during our activities. However, those particular images will not be published in respect of your wishes.)

Please note that when choosing photographs for publication that Scouts are always portrayed in a positive manner, to promote our Troop:

- They are never identified by name on our website; only as Scouts of Troop 93 participating in a particular activity
- They are usually photographed in a group at a distance; (no close-up face shots)
- No embarrassing or distressing situations will be used
- The Troop will review and remove unwanted photographs
- Your consent may be withdrawn at any time

Having read the above information, do you give your consent for photographs to be taken and used by the Troop? Please indicate below.
